WD 015467—GPB—25,000—12-9-51

Serial No.

Letter no B S/C 1595/48-9 dated 6th Jan 1950 from the D.J.S. Requests in the circumstances explained orders of Govt. to destroy the damaged stocks of Rice and Tundhal, and to write off the loss caused to Govt. thereby.

During the course of inspection of the Dist. Reserve Depot Bangalore Dist, it is stated that 28 bags of damaged Rice and 2 bags of Tundhal were noticed, and that necessary instructions were issued to dispose of the said stocks, in the year 1947.

2) It is now reported that the stock of damaged Rice & Tundhal ~~was~~ was sent to A.D.J.S. (Depots) on 9.12.48 by the D.C. Bangalore Dist (Rural) and that the stuff is very bad and useless for any purpose. The Chemical Examiner to Govt; has been consulted regarding the fitness of the stocks for ~~Govt~~ Consumption; and he has opined, that the stuff is not fit for Consumption either by human beings or by animals.

3) In view of the above opinion of the Chemical Examiner, the D.J.S. feels that it is unsafe to

NOTE—Contn. Sheet.

to dispose of the deteriorated stocks in public auction. In the circumstances he requests early orders of Govt to destroy the stocks, and to write off the loss to Govt. The loss involved will be about Rs 1200/-.

4) It is admitted by the D.J.S. himself, that the matter has not been promptly attended to and necessary timely action taken to dispose of the deteriorated stuff. While admitting gross negligence on the part of the Dist Reserve Depot staff, he has not however, made attempts to fix up individual responsibility in the matter, and recover the loss sustained by Govt by the officials responsible for the same. Many have been allowed to go scot free. If approved the D.J.S. will be requested, to examine the possibilities of fixing up the responsibility on the staff, including the supervising staff, and submit a report. This is for orders.

5) Reference is also invited to the letter of the D.J.S. dated 15.12.67. (Para 1). If approved, the D.J.S. will be requested to report, whether any of the Textile Mills in Bangalore & C's are interested in purchasing

Re:- Destruction of deteriorated stocks of Rice & Tamarind

Serial No.

late damaged stocks for the manufacture of starch for issue.

D.S

Ref 11/2

6) The deteriorated stocks have been certified unfit for human or animal consumption. They may therefore be permitted to be destroyed as recommended.

7) But the value of the stocks cannot perhaps be written off in this case. ~~but enquiries~~ It is reported that the Addl. Dir. of S. inspected the Dt. Reserve Depot on 27.9.1947 and ordered that 28 bags of deteriorated rice should be kept ~~bags~~ isolated so as to prevent spread of deterioration to other bags. The DS seems to have ordered on 4.10.47 that these bags should be handed over to A.D.S. for disposal. ~~But~~ This instruction was not carried out promptly but the bags were sent to the A.D.S on 22.11.48 ie. after over a year, by which time the stocks deteriorated to such an extent as to be unfit for human or animal consumption. The DS admits that the matter was not promptly attended to by the Dt. Reserve Depot but his view that investigation into the matter at this stage would serves no useful purpose, cannot be accepted.

8) The DS might be requested to investigate into the matter and assess the responsibility on the concerned officers

OFFICE OF
the Director of Food Supplies in
Mysore, Bangalore.

No. B5/C.1595/48-49
Encls.

21 JAN 1950
4195

Date 16th January 1950.

SECRETARY & CIVIL SUPPLIES

The Secretary to Government,
Public Health, Food and Civil Supplies Deptts,
Bangalore.

Subject. Disposal of certain damaged stocks of foodgrains and turdhal available with the Assistant Director of Food Supplies, (Depots Section), Bangalore.

With reference to correspondence ending with your letter No.SD.8854/A-37-47-5 dated 29.4.1948 on the above subject, I write to state that during the course of inspection of the District Reserve Depot, Bangalore District by the Additional Director of Food Supplies on 27.9.1947, 27 bags of damaged Bezwada rice and one bag of Brazil rice were observed to be badly deteriorated and the Additional Director of Food Supplies suggested the separation of these stocks from the rest so as to prevent spread of deterioration. The Deputy Commissioner, Bangalore District (Rural) made a reference to this office on 20.9.1948 seeking early orders for the disposal of these stocks but he was asked in this office letter of 25.9.1948 to intimate as to why these stocks were not handed over to the Assistant Director of Food Supplies (Depots), Bangalore in pursuance of this office instructions dated 14.10.1947.

2. In the meanwhile the Assistant Director of Food Supplies (Depots), Bangalore reported in his letter No.AD.C3/6627/48 dated 9.12.1948 (vide copy enclosed) that 28 bags of damaged rice and two bags of damaged turdhal had been received in his Depots from the Deputy Commissioner, Bangalore District (Rural) that the stuff is very bad and useless for any purpose and solicited orders to dispose of these stocks in public auction. Thereupon the samples of these stocks were sent to the Government Chemical Examiner and also to the Director of Animal Husbandry in Mysore for opinion as to the fitness of these stocks for

consumption but it has been intimated by them that these stocks are not fit for consumption either by human beings or by animals. The Deputy Commissioner, Bangalore District (Rural) was also consulted as to the circumstances under which the stock of 2 bags of turdhal was deteriorated and copy of his reply in the matter (No.F7/467/47 dated 11.3.1949) is herein enclosed. The Auditor and Accounting Officer who was consulted in the matter has suggested that the proposal of the Assistant Director of Food Supplies (Depots),Bangalore City to dispose of these stocks by sale in public auction may be approved and the stocks released to the sale purchaser under proper mutchalika.

3. Although it should be admitted that the matter has not been promptly attended to in the District Reserve Depot any investigations into this matter at this stage serves no useful purpose. Sinee both the Director of Animal Husbandry and the Chemical Examiner have certified that the stuff is unfit for human consumption and the animal consumption, the proposals of the Assistant Director of Food Supplies (Depots) and of the Auditor and Accounting Officer are no doubt the only course of minimising the loss to Government in this connection but they are not feasible because the stocks when sold in public auction even under the safeguard of a mutchalika cannot be successfully prevented from finding their way surreptitiously into stocks fit for ~~human~~ consumption. I am therefore of opinion that it is not desirable to sell the same in public auction.

4. I ~~therefore~~ request you kindly to obtain early orders of Government to destroy these stocks and to write off the loss to Government.

Yours faithfully,

K. G. [illegible]

Director of Food Supplies.

16/1/50

Letter No.AD.C3/6627/48-49 dated 9.12.48 from the Assistant Director of Food Supplies, Depots, Bangalore to the Director of Food Supplies in Mysore, Bangalore.

Reference. Receipt of 28 bags of damaged rice and 2 bags of damaged turdhal from the Deputy Commissioner, Bangalore District (Rural), Bangalore.

I have the honour to state that the Deputy Commissioner, Bangalore District (Rural), Bangalore has sent the above quantity of damaged foodgrains for disposal as advised in your letter No.B5.Pr.111/C.1593/48-49 dated 24.9.1948. The stuff was received on 22.11.1948 and was inspected by the Storage Inspector on 3.12.1948. The Storage Inspector, who inspected the stuff, has reported that the stuff is very bad and useless for any purpose. Hence I request you to kindly intimate whether the stuff may be disposed off by the public auction.

2. Favour of early orders is requested as the same has to be notified along with others to be auctioned.

- Copy-

Letter No.F7/467/47 dated 11.3.49 from the Deputy Commissioner, Bangalore Dt(Rural),Bangalore to the Director of Food Supplies in Mysore, Bangalore.

Subject. Disposal of 27 bags of damaged cakes of Bezawada rice, one bag of Brazil rice and 2 bags of turdhal in the DRD, Bangalore.

With reference to para 2 of your letter No.B5.C.1595/48 dated 26.1.1949 requesting me to intimate the sourceof receipt of stock of turdhal and why it was allowed to deteriorate etc., I write to state that it has been reported that 2,800 bags of turdhal were received from the United Provinces during the months of Septr, October and December 1947 of which 42 bags were cut and loose. Besides, 37 bags in the consignment were found partly damaged by rain water. Out of -37 bags, 22 bags were assessed to contain about 15% damaged stuff and the rest of 15 bags were assessed to contain about 7 maunds of damaged stuff. As the commodity was not allowed to deteriorate in the Depot, the question of fixing personal responsibility in this case does not arise.

No. B5.C.1595/48-49.
Encls one

OFFICE OF
the Director of Food Supplies
in Mysore, Bangalore,
Dated the 19th March, 1951.

To

The Secretary to Government,
Food & Agriculture Departments,
Bangalore.

Sir,

Subject:- Disposal of certain damaged stocks of food-grains available with the Asst.Director of Food Supplies(Depots),Bangalore.

With reference to your letter No.SD.7578 dated 13th March 1950, on the above subject, I write to enclose for information, a copy of letter No.F7.467/47 dated 27th February,1951, received from the Deputy Commissioner, Bangalore and to state that in view of the stuff being reported to have been completely damaged by rain-water while in transit and of its being in a condition fit only for destruction even when it was received at the destination, it would seem that no useful purpose will be served by pursuing the question further at this distance of time. I therefore request that sanction of Government for destroying the stocks in question and writing off its cost, may kindly be obtained and communicated early, since there is a risk of the stocks in good condition stored in the godown being affected if the deteriorated stock in question is not destroyed quickly.

Yours faithfully,

N. Narasaraja

Director of Food Supplies.

DN.3c.
19-3.

Letter No.~~XXXXXXXX~~ F7.467/47 dated 27th February 1951, from the Deputy Commissioner, Bangalore District, Bangalore, to the Director of Food Supplies in Mysore, Bangalore.

Subject:- Disposal of certain deteriorated stocks of Foodgrains with the Asst.Director of Food Supplies, Depots.

With reference to your Office D.O.letter No.B5,C.1595/48-9 dated 6-1-51 on the above subject, I write to state that it has been reported by the Manager, District Reserve Depot, Bangalore, that the deteriorated stocks were delivered to the Assistant Director of Food Supplies godown at Gavipur immediately after the receipt of definite instructions regarding the godown to which the stocks had to be delivered. It is stated that the District Reserve Depot is not responsible for any deterioration of stocks. The damaged stuff was shown to and assessed by the Railway authorities (before Sri Mani Iyer) and the commodity was fit to be destroyed even when it was received from the Wagon alone. Hence the District Reserve Depot, as stated, is not responsible for ~~for~~ any deterioration and the same was not due to the negligence of anybody at this end. On the other hand, the damages are attributed to the rain water penetrated into the wagons during transit.

ORDERS (Regrets) 12-8-53.

No. 5. D. 3954 of 13/8/53

To. The A. G.

Sir, With reference to your letter No. T. 17/A.A.-115 of 3.8.53 on the above subject, I am directed to state that out of the Consignment of 2800 bags of turdal received from V. P. during the months of Sept., Oct & Dec 1947, 47 bags were cut loose & 32 bags were found partly damaged by rain water due to penetration of rain water into the wagons during transit. This damaged stuff was got to be destroyed at the time of its receipt from the wagon alone immediately after receipt of the consignments. This damaged stock of 28 bags of Bezwada Rice ~~Turdal~~ two bags of turdal were transferred from the D. R. D. Bangalore to

A·D·GS (Depots). on 22·11·48. The Storage officer inspected the stocks on 3·12·48 & reported that the stocks were very bad & useless for any purpose. As 22 bags contained 15% damaged stocks & 15 bags contained 7 mds of damaged stuffs, the A·D·GS sought orders for disposal of these stocks in public auction. The Govt. Chemical Examiner & the Dr of Animal Husbandry Services examined the stocks & opined that these stocks are not fit for consumption either by human beings or by animals. As it was not feasible to release the stocks in public auction lest it may find its way surreptitiously into stocks issued for consumption, the stocks was ordered to be destroyed, the value of the same being written off the accounts.

Yours faithfully

Chief Secy to Govt

GOVERNMENT OF MYSORE

The Mysore Govt.
~~General and Revenue~~ Secretariat,

No. SD. 3954

Dated Bangalore, 12th Aug, *1953.*
13K

FROM

The Chief
Secretary to the Government of Mysore,
Bangalore.

To

The Accountant-General Mysore,
Bangalore.

Sir,

Subject: Write off of the value of damaged stocks of rice and turdal.

With reference to your letter No. T.17/AA.115 dated 3rd August, 1953, on the above subject, I am directed to state that out of the consignment of 2800 bags of turdal received from U.P., during the months of September, October and December, 1947, 47 bags were cut and loose and 37 bags were found partly damaged by rain water due to penetration of rainwater into the wagons during transit. This damaged stuff was fit to be destroyed at the time of its receipt from the wagon alone. Immediately after receipt of instructions, this damaged stock of 28 bags of Bezwada Rice and two bags of turdal were transferred from the District Reserve Depot, Bangalore, to the Asst. Director of Food Supplies (Depots) on 22-11-1948. The Storage Officer inspected the stocks on 3-12-48 and reported that the stocks were very bad and useless for any purpose. As 22 bags contained 15% damaged stock and 15 bags contained 7 maunds of damaged stuff, the Assistant Director of Food Supplies sought orders for disposal of these stocks in public auction. The Government Chemical Examiner and the Director of Animal Husbandry Services examined the stocks and opined that these stocks are not fit for consumption either by human beings or by animals. As it was not feasible to release the stocks in public auction lest it may find its way surreptiously into stocks issued for consumption, the stock was ordered to be destroyed, the value of the same being written off the accounts.

Yours faithfully,

(N.PUTTARANGASWAMY)
Chief Secretary to Government.
